God's Blessings to Our Graduates:

Nadine Alavarez
Landree Dambacher
Carter Donaldson
Odin Foster
Addyson Kuhlmann
Halle Miller
Silas Sullenger

Reminder:

- *The 4's class needs to be in the classroom on Graduation Night by 5:45 p.m.
- *The 3's class will not be singing, but is certainly invited to attend!

A Note From Mrs. Kaufmann

- With all the rain in April, we will have beautiful flowers in May. But, the weather has postponed a few things around church. The Kuhlmann's started prepping the play fort for repainting it and are planning to till a garden area with the young adult group from church. If the weather cooperates, we may be able to help plant and tend a garden at church. So, instead of doing our planned "Under the Sea" theme, we will learn about gardening and plants in May. We are super excited about our garden and will get to use it next Fall, too.
- If our field trip is cancelled again, we will wait until a sunny day to go on a Nature Walk around church and will have ice cream treats on the playground.
- The 3's class received their end of year progress reports in April. The 4's class will receive their last progress report in a couple of weeks. Please feel free to contact me anytime if you have any questions.
- Thank you to everyone who returned their Parent Evaluations of our preschool program. I am so happy to get such positive feedback from everyone and praise God for blessing our preschool as He has. But, please feel free to contact me with any suggestions you may have for improving our program!
